NOTICE AND ACCESS NOTIFICATION TO SHAREHOLDERS

You are receiving this notification as Secure Energy Services Inc. (the "**Corporation**") has elected to use the notice and access model ("**Notice and Access**") for the delivery of meeting materials to its shareholders who do not hold their common shares of the Corporation ("**Common Shares**") in their own name (the "**Beneficial Shareholders**") in respect of its special meeting of shareholders to be held on October 29, 2024 (the "**Meeting**"). Under Notice and Access, instead of receiving paper copies of the Corporation's management information circular dated September 12, 2024 (the "**Circular**"), Beneficial Shareholders are receiving this notice with information on how they may access the Circular electronically. The Corporation is providing this notice to all Beneficial Shareholders. The use of this alternative means of delivery is more environmentally friendly as it will help reduce paper use and it will also reduce the Corporation's printing and mailing costs.

HOW TO OBTAIN PAPER COPIES OF THE CIRCULAR

In order to allow a reasonable time for a Beneficial Shareholder to receive and review a paper copy of the Circular in advance of the proxy deposit date and time as set out in the accompanying voting instruction form ("**VIF**"), the Corporation estimates that any Beneficial Shareholder wishing to request a paper copy of the Circular should request such materials no later than 3:00 p.m. (Mountain Time) on October 18, 2024.

VOTING

Beneficial Shareholders are asked to return their enclosed VIF in accordance with the deadline and instructions noted on the VIF. Your voting instructions must be received in sufficient time to allow your intermediary to provide voting instructions to Odyssey at least forty-eight (48) hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting in accordance with the instructions on the VIF.

Beneficial Shareholders with questions about Notice and Access can call the Corporation toll free at 1-855-306-9386.
